PROFESSIONAL EXPERIENCE

HNG TECH

Frontend Developer Intern

July, 2024 - August, 2024

- Achieved finalist status in the HNG Internship 11 (2024) program, ranking in the top 523 out of 24,123 participants.
- Achieved promotion from Stage 0 to Stage 10 by demonstrating consistent growth, technical expertise, and delivering key features throughout all phases of project development.
- Acquired practical expertise in Front-End Development, with a focus on technologies like Next.js.
- Collaborated with cross-functional teams to design and implement scalable and responsive user interfaces.
- Implemented the design from Figma, translating UI/UX concepts into fully functional and responsive front-end components.

Selected Project Experience

- Tifi app
 - Contributed to building one of the core products, a YouTube summarizer tool for the tifi.tv app using Next.js.
 - Transformed Figma designs into interactive, fully responsive front-end components, ensuring a seamless user experience and precise implementation of UI/UX design.
 - Enabled users to input video or YouTube links and receive automated summaries and transcripts.
 - Integrated multi-language support for generating summaries and transcripts in different languages.
 - Worked on optimizing the user interface for efficient video summarization and language translation.
 - Integrated Server-Sent Events (SSE) to provide real-time updates on video processing, displaying transcripts and summaries seamlessly.
 - Executed the integration of a downloadable feature for video summaries and transcripts, which streamlined user access to content; this enhancement led to a 30% reduction in customer inquiries regarding content availability.

THE CARPENTER'S CHURCH

Rivers State, Nigeria

Junior Web Developer

June, 2022 - October, 2022

- Developed and maintained web applications using WordPress and related technologies.
- Regularly updated the website with audio messages, photos, videos, and managed the buying and selling of audio content.
- Applied responsive designs while ensuring cross-browser compatibility for a seamless experience.
- Conducted comprehensive testing to identify and resolve bugs, optimizing functionality and enhancing user satisfaction across all features.

EDUCATION

UNIVERSITY OF BENIN

Edo State, Nigeria

Bachelor of Engineering, Major in Computer Engineering

2019-2025
